Info at USATF.org

South Carolina Sprints and Hurdles Coaching Clinic
November 22-23, 2019
University of South Carolina – Columbia SC
Info at
southcarolinaclinic.weebly.com

Report:

Action Items:

#1 Level I School Scholarships. Last year we had 5 and used all of them. At the \$205 Early registration rate that would cost \$1025.00 I propose repeating last year. Once I have budgetary approval, I can distribute the scholarship application.

#2 Level 2 Scholarships. I know we provided some last year. I believe we need to formalize this process. We also need to take advantage whenever the school is drivable. I would propose 3 scholarships up covering tuition room and board, but not travel. For the December IMG School that is listed as \$1055.00. Total cost of \$3,165.00. Not sure given the date which budget year this would come out of. If all are not used for IMG school then leftover would be available for summer schools when they are announced in December. We may need a selection committee for this. I can generate an application. Requesting budget approval and input of body into process.

Review of last year:

December 2018 Level I school had 52 participants.

I apologize for not attending but I am out of town this week recruiting.
