

Angela Hitch, #1807118417
Candidate for Secretary

I have participated with the Florence Track Club youth program for 10 years. In those years I have served in multiple positions, including: Coach, Head Coach, Assistant Head Coach, and President of the Board. Those positions have allowed me to work in my community with the youth and their families, but also allowed me the experience to work with tasks directly related to the Secretary position, such as [athletic.net](#), obtaining memberships, USATF connect website, communications with the National Office, utilizing club by-laws, holding club meetings, club record keeping, and more. My skill set is planning, organizing, and attention to detail. My initial goal will be learning the position on the state level, along with working with the President and other association officers and members. I would continue to work with the association to continue to help it grow and develop in a positive way as well as improve communications amongst associations members.

Thank you,

Angela Hitch
